

NOUAISON

GIN

FRANCE

SPICY & INTENSE

Nouaison Gin aims to reveal new horizons with a unique balance combining elegance of grapes with a great spicy aromatic profile.

Nouaison Gin reflects the traditional unconventional DNA of G'Vine, playing in an underground chic universe, deeply rooted in the very best bartending environment. Crafted by Master Distiller and creator, Jean-Sébastien Robicquet, nouaison, meaning 'setting', represents the metamorphosis stage of the aromatic vine flower to luscious grape berry.

Framed by the grape smoothness, Nouaison Gin explores a large flavour palette evoking hitherto unseen aromas such as santalwood, bergamot, prune, java pepper and vetiveria

Nouaison Gin is crafted in France from grapes, combined with 14 botanicals that are carefully selected. The final distillation in small batch is also unique. Using a discontinuous 25HL pot still inspired from traditional Charente style shape to blend harmoniously all the components and obtain unique gin. The rich aromatic profile of Nouaison Gin is particularly highlighted in classic cocktails such as the Negroni à la française, or in new creations like the Divinus from David Rios (2013 world best bartender).

Proof
Nouaison : 45° ABV

Packing:
6-bottle case
